"**Eye of the Lady**" Doreen Wynja, specializes in horticulture photography. She is inspired by people, their ideas, and their hopes and desires, which she strives to bring into a reality for them through her staging & photography.

"**Strolling the Garden, Camera in hand**", is about garden photography and how you can take better pictures in the garden. It's a dynamic visual presentation filled with example images so you can learn to see light, different angles & composition. Join Evening Garden Club in welcoming Doreen, and take home tips on your garden photos!
