

Evening Garden Club

Corvallis, Oregon

March Guest Speaker:
Mark Bloom, Bloom River Gardens
A Medley of Conifers
Monday, March 2nd, 2020

Doors Open: 6:30 p.m. Presentation: 7:00 p.m.

Mark Bloom was born and raised in the Willamette Valley and began his career in the nursery business, in 1965, at a local retail nursery & landscape company called Brechtbill's Nursery. It was there that he began learning the science and art of growing healthy plants and the forces, both natural and man-made, that can keep that from happening. He began his own business in 1978 and in 1998, he and his wife, Val, launched a mail order division of the nursery which predominates the business today.

Today, Bloom River Gardens works closely with their customers not only to sell them quality plants, but also to foster their continued "happiness" in customer's landscapes. Mark also offers on-site service to address plant health in landscapes whether due to the forces of nature or the errors of gardeners. www.bloomriver.com

Community Room, Shepherd of the Valley Lutheran Church

2650 NW Highland, Corvallis OR
(corner of NW Highland & Walnut)
